According to Terra Crane

Who/What influenced you to become involved in the government meeting industry? The Columbia CVB is involved in all aspects of the meetings and hospitality industry. We have been a member of SGMP for several years with various individuals representing our team. When I stepped into the convention sales role it was a great fit and I was excited to get involved with SGMP.

Share an accomplishment that you are very proud of...This past June I was involved in planning and executing a successful tradeshow that showcased local hotels, restaurants and attractions to meeting planners. This was very rewarding to see partnerships being built within the community.

How would you prepare for the future success of the government meeting industry? I will continue to be a resource for government meeting planners and help the SGMP organization.
